Stomach Gases and Torpid Livers

Give Way Before the Peculiar Purifying Power of Stuart's Charcoal Lozenges.

A Trial Package Sent Free.

The foul gases of the stomach and the torpid action of the liver are easy victims for charcoal to overcome.

This great natural purifier and absorbent will positively purify a room filled with foul odors and decay. Its absorbing ratio is one hundred times greater than its own volume.

The ancients gave charcoal for many human ills successfully. The North American Indians used it for snake bite, poison from eating wild herbs and cured what they called "stomach bad medicine" with it.

Willow charcoal seems to be the best product for human use, and no doubt the peculiar curative property of the willow is represented in a chemical quality in its charcoal.

Stuart's Charcoal Lozenges are pure willow and sweet honey blended by tremendous power and compression into a very palatable lozenge. Two or three lozenges eaten after meals will prevent the process of digestion from producing noxious gases. They will vivify a lazy liver and aid every organ which it most likely will be overcome through its contact with impurities.

They cleanse the stomach and intestines, bring purity and sweetness out of fermentation and decay and aid digestion by alleviating gas. They will aid you and your stomach. The beneficial effects are made evident after each meal when you use charcoal as Stuart prepares it. To allay gas at night they are excellent and are a relief in the morning without that terrible nauseating bad breath which destroys appetite and renders one miserable.

Druggists sell Stuart's Charcoal Lozenges, price twenty-five cents, or send your name and address and we will send you a trial package by mail free. Address: P. A. Stuart Co., 299 Stuart Bldg., Marshall, Mich.

LADIES' BAND HAS PLAN.

Will Decorate Citizens at Dime Each to Buy Uniforms.

In order to provide the funds needed with which to buy new instruments and uniforms for eighteen new members of the Ladies' G. A. R. band, a unique plan has been devised by the women. During the week of Feb. 8 the members of the band will appear on the streets in full uniform and decorate the citizens with beautiful Lincoln badges. The badges will cost the wearer 10 cents and it will be believed by this means sufficient money can be raised to defray the expense of fitting out the new members. With the additional members the band will have thirty-five names on the roll.

Salt Lake has the only ladies' G. A. R. band in the country and has accomplished much for the department of Utah. The members are working hard to make the national encampment here next summer a success, and expect the public to take kindly to their plan for raising the necessary money.

FREE DEAFNESS CURE.

A remarkable offer by one of the leading ear specialists in this country, who will send two months' medicine free to prove his ability to cure deafness, Head Noises and Catarrh. Address: Dr. G. M. Branaman, 1621 Walnut street, Kansas City, Mo.

Herewith is presented the photographs of the membership of the senate of the eighth legislative assembly of Utah. They number eighteen and represent twelve districts. Of these districts Salt Lake has five senators; Weber two, Utah two. In one or two of the districts four or five counties are included—one senator represents them in the upper house.

This body is the so-called balance wheel of the legislature. It must pass on all bills coming from the house, as well as those originating in its own organization. The membership in this assembly is regarded as standing well, in comparison with that of any previous senate in the state's history. Unquestionably there are able men among the eighteen. The interests they represent are diversified, and the occupations they follow are by no means confined to a certain class, as is often the case.

At this session of the legislature the senate will have to deal with some of the most important legislation that has ever come before a legislature since statehood. Among these, briefly, may be mentioned the public utilities commission plan, the Des Moines plan of municipal government, the prohibition measure, the pure food legislation, the proposed amendment to the present laws of the system of raising revenue by taxation, the creation of an insurance commission, the plans for a state capitol and a system of good roads.

Salt Lake Charity Association.

The purpose of this organization is to investigate all applications for charity; to help the helpless; to give opportunity to the worthy but unfortunate to help themselves; to protect the public from imposition. In short, to make charity practical and systematic.

Funds are urgently needed, and those contributing may be assured that the money will be judiciously expended where it will do the greatest good.

Contributions should be sent to M. H. Walker, treasurer, at Walker Brothers' bank.

Officers of the association are: Dr. T. B. Beatty, president; J. B. Evans, secretary; M. H. Walker, treasurer. Other directors: Simon Hamberger, W. Mont Perry, W. V. Rice, F. A. Dreuhl, Rev. E. I. Goshen, William H. Tibbels.

Grand Army Notice.

The public is cordially invited to attend a "Lincoln Centenary Memorial" exercise to be given by the Grand Army of the Republic, department of Utah, at the armory on Pierpont street, in Salt Lake City, at 8 o'clock Friday evening, Feb. 12.

By order of the committee. J. L. JUSTICE, Chairman.

RELIC OF LINCOLN'S CAR.

L. D. Martin Has Brass Lamp Which He Prizes Highly.

When Abraham Lincoln made his first journey to Washington to be inaugurated as president of the United States a private railway coach, built by Pullman & Fields, bearing the name "Helvetia," was placed at his disposal. During his entire term of office the car was used by Mr. Lincoln and it became famous throughout the country.

At the death of Lincoln the car was stored away and for a while forgotten. Later it fell into private hands and was taken through the United States for exhibition purposes. Ten years ago the car was purchased by Mrs. Cora Griswold, who continued placing the car on exhibition in various cities.

Piece by piece the furniture and other belongings of the car were carried away until now but little of the many relics of the car remain, scattered about the United States. There is probably but one relic very highly and places it near the head of his worldly treasures.

The lamp was presented to Mr. Martin's mother by Mrs. Griswold ten years ago, while the car was on exhibition at Wyoming. A short time later Mr. Martin was visiting his mother, who made him a present of the old lamp. Mr. Martin's grandfather, C. M. Denio, was one of President Lincoln's bodyguards and was later made master mason of the Vallejo, Cal., navy yard by the president.

He Was Surprised.

After renting a private box in our Safety Deposit Vaults a gentleman said: "I have been passing here for years, but had no idea you had anything so fine down here." Similar remarks are frequently made. Have you inspected our vaults? Visitors are welcome. We want every lady and gentleman in Salt Lake to see them. They are the handsomest and strongest vaults in the west. Fire, burglar and water proof. You can get a good, roomy, private safe or box here for as little as \$2.90 per year. Do not keep your jewelry and valuable papers about the home or office. When kept here they are safe and always obtainable when wanted.

Receipt That Cures Weak Men—Free

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lank back, brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So, I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor-failure ever put together. I think I use it to my fellow man to send them a copy in confidence, so that any man, anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful medicines, secure what I believe is the quickest-acting, restorative, unobtainable, SPOT-TOUCHING remedy ever devised, and so, cure himself at home quickly and easily. Just drop me a line like this: "Dr. A. E. Robinson, 424 Luck Bldg., Detroit, Mich., and I will send you a copy of this splendid receipt, in a plain, ordinary sealed envelope, free of charge."
